

Regional Director - New Zealand for Global Engineering Consulting Firm

The role

Reporting to the Managing Director, this role is responsible for the leadership of the company in New Zealand. It is the local face of this global firm to staff and clients and is responsible for optimising the total outcomes for the organisation, ensuring collaboration across the various Business Units and providing strategic and long term focus to the local operations as an important part of the overall national position.

The overall vision for this role therefore is to drive the company to a pre-eminent position in the market as a robust and successful planning, environmental, engineering and project management based consulting firm.

Location

New Zealand - Auckland or Wellington.

Applications

Please forward a current CV and covering letter to office@oppeus.com quoting **RDNZ**. For a confidential discussion, please call René Johnson, Client Partner on (03) 9661 8000.
